

What You Told Us

Feedback from public consultation in 2023 identified issues that you saw as key in Clondalkin. We have colour coded these issues under three themes shown here:

- Themes:**
- 1. Local vitality
 - 2. Healthier Environment
 - 3. Heritage

"If Greenways are here to stay, then please can SDCC limit their use to joggers and walkers (with or without dogs) and refrain from "upgrading" natural pathways which are soft underfoot and sympathetic to wildlife of all species."

"While maintaining the village as a centre it should also be developed into a thriving social entity. New developing areas should be integrated with a sense of inclusiveness instead of developing in isolation"

"Community: place more emphasis on youth and the important role they play in the community. Provide facilities across all areas for youth activities"

"More planned social activities for teenagers to keep them connected to their peers"

"We should be looking at how we can support people new to the area in becoming a part of the community."

"One way system is causing the village to be constantly full of traffic and housing estates like St. Brigid's become shortcuts."

"I just love the village feel!"

"The fact that we have so many services and amenities on our doorsteps. There is something for everyone"

"Easy access to parks with Corkagh Park nearby"

"I like that we don't need to go far to get somewhere there is nearly everything around or inside Clondalkin"

"As an older person there are lots of things going on for me, groups, choirs, meetups, etc. Maybe something to benefit youth-teenagers to get involved more in village activities, not just sports."

"It is a very historical place; they make an effort to speak Irish & often run Irish events in Club Cronán"

"Clondalkin doesn't have a dedicated concert hall or theatre, despite its lively legacy of drama productions and musical events of all genres. The proposed growth in our population makes this an even greater requirement."

"Also, I'd add that the village incredibly increases the liveliness of the area"

"Planting is a good idea but the type of tree being planted needs to be carefully considered."

"The excessive over building has created shocking traffic. Its unsafe for children to walk home from school."

"Less traffic, no more high rise buildings, more development of the heritage of the area."

"The community spirit, friendly people and its friendly retailers"

"I love all the history here, and how you can see all different types of buildings from through the years"

"Village feel -Definitely as need to prioritise pedestrians. Should look at making some areas exclusively for pedestrians!"

"Agree with everything except "no high rise in village centre"

"Cycle paths, can we have some please!"

"Improvements to public transport are needed, increased access to buses in and around the Clondalkin area"
