Section 179A: Proposed Infill Housing Development consisting of 16 Apartment Units and all associated site and development works at Brookfield Avenue / Rossfield Avenue and Brookfield Road, Jobstown, Dublin 24

Appropriate Assessment (AA) Screening Determination

Pursuant to the requirements of the above, South Dublin County Council is proposing to carry out a development consisting of the construction of Infill Housing Development consisting of 16 apartment Units and all associated site and development works at Brookfield Avenue / Rossfield Avenue and Brookfield Road, Jobstown, Dublin 24.

It is intended to place the plans and particulars for the proposed development on public display in accordance with the requirements of Section 179A of the Planning and Development Act 2000 (as amended) and the Planning and Development Regulations 2001 (as amended).

Having regard to Article 6 of the Habitats Directive 92/43/EEC and (inter alia) the Department of Housing Planning Community and Local Government's *Appropriate Assessment of Plans and Projects in Ireland Guidance for Planning Authorities* (2010), screening of the development for Appropriate Assessment was carried out in October 2023 by Mary O'Connor Environmental Scientist of Shanacloon Newtown, Co. Kildare.

Following an examination, analysis and evaluation of the relevant information, including in particular, the nature of the project and its potential relationship with European sites and their conservation objectives, as well as considering other plans and projects, and applying the precautionary principle, the Screening has determined that there is no potential for likely significant effects on any European sites.

For the reasons outlined above it is considered that the application for consent for the proposed development does not require an Appropriate Assessment or the preparation of a Natura Impact Statement (NIS).

Senior Planner
