- A Multi Use Games Area (MUGA) with floodlighting.
- A 35m long x 6m high ball wall, with hard paving to one side and floodlighting
- Activity circuit (Park Run) - with seats and play/fitness equipment.
- A dog park enclosed with post and rail fencing with wire mesh.
- Relocation of a 220m length of the northeastern boundary to incorporate the grass verge to the road into the park, allowing for more room between the proposed path and the pitches.
- Biodiversity improvements - existing hedgerow relocated/replaced and supplemented with meadowland management and planting of bulbs and formal and informal tree groups.
- Attenuation basins and possible swales associated with the pitch drainage which will also contribute to enhanced biodiversity.
- All associated landscape works.
- All ancillary works.
