

**25th August 2016:  
COUNTY ARCHITECT'S REPORT FOR PART 8 DISPLAY / CONSULTATION**

<b>Project Details - Part 8 Application</b>	
<b>DEVELOPMENT OF A NEW PUBLIC LIBRARY ON CASTLETYMON ROAD ADJACENT TO THE JUNCTION WITH Tymon North Gardens AT TYMON, TALLAGHT, DUBLIN 24</b>	
1. <b>Accommodation Brief</b>	
	Construction of a new single storey library comprising 670 square metres with 50 square metres of plant room at roof level. External works will include landscaping and public realm improvements to surrounding area and adjustment of existing footpath verges to create 13 no additional parking spaces
2. <b>The Site location condition and services</b>	
	<p>Location: Triangular site adjoining Catholic Church on Castletymon Road and adjacent to Tymon North Gardens</p>  <p><b>Figure 1</b> Site Location Map</p> <p>The site is bounded by Castletymon Road to the east, Saint Aengus' Church, Castle Park, to the south and Tymon North Gardens to the north and east</p> <p>Site Information:  The site area is .122 Hectare (.3 acres )  It is a compact site, unconstrained by utilities  A tree-lined stream runs along the north western boundary and forms a clear physical separation between the site and the pedestrian route adjacent to Tymon North Gardens</p>

**Figure 2** Aerial view of the proposed development site from the south. (Source: Screen shots from the website “googlemaps.com” August 2016)

**Site conditions, services and utilities:**

There are no public services or utilities traversing the site

There is no history of flooding on the site. While the building is designed to overlook the existing stream and pedestrian walkway it is sufficiently set back from this boundary to avoid interference with the river bank.

At this stage therefore no unusual problems are anticipated regarding the topography or existing services and utilities which can service the building as proposed.

An appropriate assessment screening has been carried out for this site and is attached to this report. The conclusions are summarised at item 9 below

### **3. Planning Context**

The South Dublin County Development Plan 2016-2020 carries a RES zoning objective for the site as set out below :

- To protect and/or improve residential amenity  
And the building and use proposed is in line with this zoning

### **4. Project Description**

#### **The Proposal comprises:**

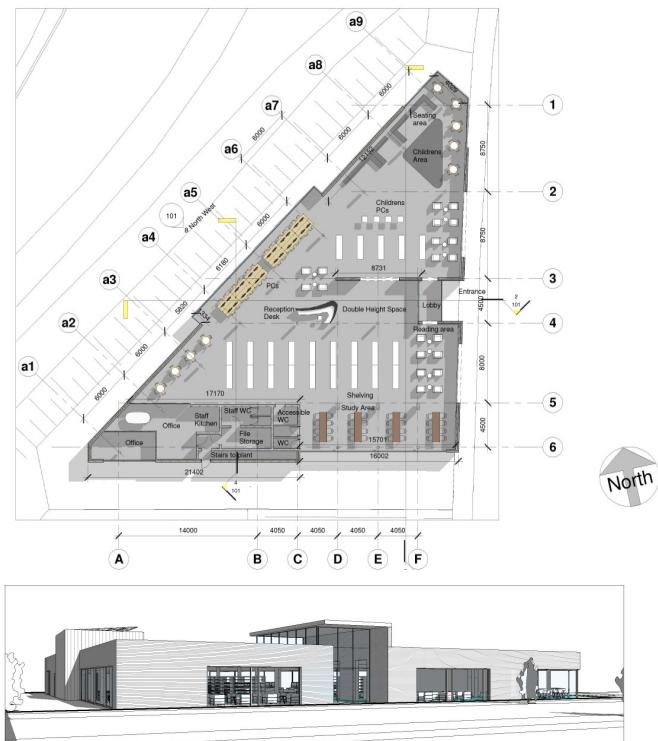

- The construction of a new single storey public library with a total area 670 square with 50 square metres of plant room at roof level and associated development works comprising landscaping and public realm improvements to surrounding area and adjustment of existing footpath verges to allow x no parking spaces.
- The new library will replace the existing facility at Castletymon Shopping Centre. Opening hours and services to be provided will build on those provided by the existing library.
- Additional parking will be provided as noted above with existing car parking already available in the Castletymon Shopping Centre and adjoining St. Aengus Community Centre in accordance with existing arrangements. A large number of patrons of the existing library arrive on foot and it is anticipated that this will continue given the proximity of the new site to the existing facility.

**Figure 3** Proposed Site Plan

## 5. Architectural Design

The design provides a new civic presence onto Castletymon Road and has been set back from the adjoining church site to create a landscaped strip adding to the quality of the existing church gardens and ensuring privacy to the house.

**Figure 4** Proposed Ground Floor Plan and view from south along Castletymon Road

It is intended that the new building in conjunction with public realm improvements will greatly enhance the character and appearance of the existing road frontage and pedestrian route, improving passive oversight of the public roadway and the pedestrian walkway along the stream. Access to the library will be from Castletymon Road only to protect the amenities of homes on Tymon North Gardens.

<b>7.</b>	<b>Project Partners:</b>
	The development will be funded by SDCC and managed by South Dublin Libraries Design and project management will be provided by SDCC Architectural Services Department.
