It is intended to place the plans and particulars for the development on public display in accordance with the requirements of the Planning and Development Act (as

amended) and Planning and Development Regulations, (as amended) - Part 8.

Having regard to Article 6(3) of the Habitats Directive, the guidance contained in the Department of Housing Planning Community and Local Government's "Appropriate Assessment of Plans and Projects in Ireland Guidance for Planning Authorities" (2010), screening of the development for Appropriate Assessment was carried out in June 2026 by MacCabe Durney Barnes, 20 Fitzwilliam Pl, Grand Canal Dock, Dublin 2, D02 YV58.

The subsequent AA Screening Report concludes the following:

Following initial screening of the proposed development, and based upon best scientific judgement, it is concluded that significant impacts are not expected from the project on the following Nature 2000 sites:

- Glenasmole Valley SAC
- Wicklow Mountains SAC
- Wicklow Mountains SPA
- Rye Water Valley/ Carton SAC
- South Dublin Bay SAC
- South Dublin Bay & River Tolka Estuary SPA
- Sandymount Strand/ Tolka Estuary RAMSAR Site
- North Dublin Bay SAC
- North Bull Island SPA
- Poulaphouca Reservoir SPA

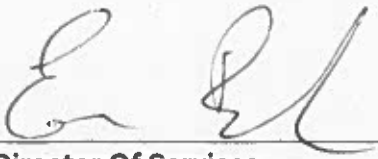

Following an examination, analysis and evaluation of the relevant information and potential for significant effects on the conservation objectives of Natura 2000 sites, and application of the Precautionary Principle, the Report determines, on the basis of objective information that the proposed development; either alone or in-combination with other plans and projects, will not result in likely significant effects on any European site in view of their conservation objectives. A Stage 2 Appropriate Assessment is therefore not required.

For the reasons outlined above it is considered that the proposal to develop Outdoor Advertising Display Units at 28 No. locations throughout South Dublin County (as described above) will not present a risk to any Natura 2000 sites. As such this screening exercise concludes that an Appropriate Assessment is not required for this project

Acting Senior Planner

ORDER:

That South Dublin County Council as the Competent Authority having considered the AA Screening Report prepared by MacCabe Durney Barnes Consultants for South Dublin County Council, makes a determination that a Stage 2: Appropriate Assessment will not be required for the Outdoor Advertising Project either alone or in combination with other plans or projects, with respect to any Natura 2000 site and its conservation Objectives.
