## Litir Chumhdaigh

I am writing to formally object to the proposed Clondalkin Local Transport Plan currently under review.

I strongly object to the proposal to open additional access to foot traffic, cycling, electric bicycles, and electric scooters. This change would significantly alter the character and safety of our neighbourhood, and many residents share deep concerns about its potential impact on noise levels, privacy, and pedestrian safety, nearly impossible access into estates due narrowing of car entries routes creating traffic jams and ques especially at rush hours, morning school start/finish, particularly for children and older residents.

### Observations:

#### Objection to present local transport planning

**Caibidil:** Draft Clondalkin Local Planning Framework » Chapter 2: Vision and Strategic Objectives

Strong objection to present planning,
