Litir Chumhdaigh

I am living in Citywest since January 1999, 22 years now. There has been no credible and meaningful investment by SDCC in the place other than a roundabout that was turned into a big junction with traffic lights and a few bicycle lanes. It's shocking that all these SHDs have been allowed but yet no consideration or thought has been given to providing proper facilities. Parking along Gartner Avenue is a joke, an accident waiting to happen because all the residents are parking on the main road. There is still NO Library, Community Centre or dedicated Sports Facilities. We also badly need a Garda station as relying on Tallaght Gardai, given our massive population surge in recent years, is no longer viable. Anti-social behaviour has become a real problem with an abundance of teenagers hanging around McDonalds and Citywest SC, making the area feel unsafe for residents to go about their business freely. I resent having to pay property tax when I'm not seeing anything in return, enough is enough! Start looking after the residents and deliver on the Fortunestown LAP which seems to be have been long forgotten.

Observations:

Volume 1: Written Statement

Caibidil: Volume 1: Written Statement

Please deliver on the commitments made in the Fortunestown LAP, this area badly needs it, it's not possible to grow it at the speed it's being allowed to at the moment, with a huge population of children and teenagers, and not provide the adequate facilities.
