Litir Chumhdaigh

I am a business owner of a growing waste management company based in Greenogue Business Park. We are originally from Tallaght, are in business since 1999 and employ 25 people.

Observations:

Chapter 9: Economic Development and Employment

Caibidil: Volume 1: Written Statement » Chapter 9: Economic Development and Employment

We are making our submission to the Draft Development Plan 2022-2028

Our business is currently experiencing growth that will require us to acquire another site to meet the growing demand for our services. This expansion will create additional employment and assist strengthen our position as a service provider in this county.

At the moment there is no suitably zoned land available in the Greenogue area or anywhere in the county that could accommodate a company such as ours. While there is zoned space in the county, it is obvious that the areas of Grange Castle & Citywest to name but 2 are not suitable or designed to deal with waste management or industrial uses.

It is crucial for a business such as ours that we are located close to a road network that is specifically designed to deal with the fleet make up that we and our neighbours here in Greenogue operate.

Therefore, we respectfully request that due consideration is given to the zoning of land sufficient to accommodate industrial uses here in Greenogue & the county in general.
