- Tree Trail Signs
- Picnic Benches

Calisthenics Area

- Area = approx. 150 m².
- Area to include a number of exercise bars in a linear fashion.
- The area is at the bottom of a slope below soccer pitch.
- Existing water lines below this area, may prevent excavation.

Pump Track

- Area = approx. 1,200 m².
- Relatively small pump track, suitable for most ages.
- Entrance on northern side, connected to path.
- Will consist of a series of dips (excavated) and mounds.
- Existing tree will be retained if possible and track will bend around them.
