South Dublin Council has prepared a Draft Local Area Plan for Tallaght Town Centre.

This plan details specific objectives for Tallaght which are intended to shape the future development of Tallaght Town Centre and Tallaght village. It details how we see Tallaght developing over the next 6 years and beyond.

This plan will influence the types of developments that can happen having regard to the County Development Plan and National policies. It is important as planning applications will be assessed based on the provisions of the Local Area Plan.

### The Vision

An inclusive and vibrant Town Centre which values its historic origins as a village in the mountain gateway landscape, has a thriving local economy, a light environmental footprint and represents an accessible and connected place with a high quality network of public spaces.
