Frequently Asked Questions

What is Local Property Tax (LPT)?

[Local Property Tax](#) (LPT) is an annual tax charged on all residential properties in the State and came into effect in 2013. A half-year payment was due in 2013, with a full-year payment due in subsequent years. The LPT is collected by the Revenue Commissioners.

What is the Local Adjustment Factor?

The rate in 2015, 2016, 2017, 2018 and 2019 was reduced by 15% of the 2014 rate.

Note:			
Properties with valuations in excess of €1M are charged at a property tax rate of 0.18% for the first €1,000,000 (using €975,000 as the midpoint) and at a property tax rate of 0.25% for the balance in excess of €1M			

For example, if your house is valued under €100,000, you will have paid €90 Local Property Tax in 2014.

If the Local Property Tax rate is increased by 15% you will pay €104 Local Property Tax in 2020 and if this rate is decreased by 15%, you will pay €77 Local Property Tax in 2020

Does the Council have to vary the rate of LPT for 2020?

No, the Council could, having considered a range of issues, decide to leave the LPT at the same rate as 2014. The rate was reduced by 15% for 2015, 2016, 2017, 2018 and 2019.

What is the money collected under the Local Property Tax used for in the Council?

This money contributes towards the cost of providing a range of local Council services including libraries, public lighting, maintenance and cleaning of streets, road maintenance, housing services, fire and emergency services, supporting community initiatives, dealing with illegal dumping and littering, sports and leisure facilities, public parks, and tourism development initiatives.

What will an adjustment in the Local Property Tax mean in terms of Council services?

If the rate is reduced and if funding is not available to replace this reduction, then a reduced level of income available to the Council will limit the range and extent of services and supports that can be provided in 2020.

If the rate is increased, then an increased level of income available to the Council will increase the capacity to deliver services and supports in 2020.

An increase or decrease to the local adjustment factor will affect the level of services to be provided by the Council in 2020 e.g. an increase of 15% would provide additional funding of €4.7M for council services activities in 2020 and a decrease of 15% would reduce the funding available to provide these services by the same amount.

When will the Council make a decision on varying the rate of Local Property Tax in South Dublin?

This decision will be made at a Council meeting to be held in September 2019.
